YAMAP0347USB**Serial No. 09/525,247****RESPONSE TO ELECTION OF SPECIES REQUIREMENT**

Claims 8-15 and 21-38 are pending in the present application. In the Office action, the Examiner imposed an election of species requirement. The Examiner asserted that the application contains claims directed to the following allegedly patentably distinct species of the claimed invention:

Embodiment 1:	Fig. 1, Ex. 1
Embodiment 2:	Ex. 2 (presumably Fig. 7)
Embodiment 3:	Fig. 8, Ex. 3
Embodiment 4:	Fig. 9, Ex. 4
Embodiment 5:	Ex. 5
Embodiment 6:	Ex. 6
Embodiment 7:	Fig. 12, Ex. 7
Embodiment 8:	Fig. 15, Ex. 8
Embodiment 9:	Fig. 18, Ex. 18 (presumably Ex. 9 since no Ex. 18)

In accordance with the Examiner's requirement and the rules of practice, Applicants elect the species of Embodiment 9, Fig. 18, for initial examination on the merits.

Claims 8, 9, 11, 12, 13 and 15 are readable on this species.

Claim 8 is generic.

The Examiner contended that none of the claims are generic; Applicants traverse this contention based on the fact that claim 8 is generic.

Should the Examiner consider that a telephone interview would be helpful to facilitate favorable prosecution of the above-identified application, the Examiner is invited to contact the undersigned at the telephone number provided below. If any additional fees are required for the filing of this paper, Applicants request the
